

2023 priorities

Optimizing human, fiscal and physical resources and systems

- Implement diversity, equity and inclusion commitments
- Expand relationships with local First Nations
- Employ technology innovation to better serve customers, improve efficiency and collect beneficial data
- Renew customer experience initiative

Proactively respond to recreation and culture needs of residents

- Implement data collection, analysis and reporting plan
- Complete indoor/outdoor recreation and sport plan
- Plan for facility openings, replacements, enhancements and renewal
- Expand outdoor recreation and nature experience opportunities
- Streamline arts and culture operating assistance grants process

Expand effectiveness through collaboration

- Support park planning and public space activation
- Arts and culture strategy scoping
- Review best practices in community sport structures, systems and supports
- Strengthen relationships with key service partners and aligned community organizations

Enhance understanding of the scope and impacts of services

- Expand community knowledge of the scope and impact of NVRC services
- Enhance opportunities for ongoing citizen input and feedback
- Work towards greater integration between NVRC, City and District on relevant initiatives and plans
