THURSDAY	8:30-3:00pm
FRIDAY	8:30am-8:30pm
SATURDAY	8:30am-5:30pm
SUNDAY	8:30am-4:30pm

Pass Holder Firing Deadlines & Production Limits

Production Limits

- You may make up to 2 cubic feet per month. This is measured by stacking your objects rim to rim, foot to foot.
- All objects must be under 12 inches in any direction (measured in their greenware stage), except you can make up to 3 pieces per season that are 18 inches in any direction.

Limits are in place to ensure there is enough space for students', passholders' & kids/family class participants' work.

Please be kind and make only a reasonable amount of plates & ornaments. These are exceptionally hard to load into a kiln and take up a large amount of space. If the amount you make exceeds what is reasonable, staff will request you make other items.

Firing Deadlines

- These are in place to make sure people can complete all their work by the end of the season.
- These deadlines must be followed. There will be no exceptions.

Reminder: No greenware or bisqueware will be allowed back into the studio next season, so everything must be completed by the end of this season. This is so next season's passholders & students have enough space in the kiln during their season.

Firing Schedule

Date	Stage	Notes
Sep 13-19, 2025	No new work	<p>It is highly recommended that no new work be made during this time, especially if it is wheel work. Focus on greenware decoration, drying pieces for bisque, or making very simple handbuilding projects.</p> <p>This is because we need everything to be bone dry and ready for the kiln on September 20, to get pieces ready for users to glaze.</p> <p>ABSOLUTELY, no new work can be made after September 19.</p>
Sep 20, 2025	Deadline for greenware to be on the bisque shelf, ready for firing	This is the final date for things to be on the bisqeware shelf and ready for firing. This means everything should be bone dry.
Sep 28-Oct 4, 2025	Glaze week	All work must be glazed and ready for a glaze kiln no later than October 4, 2025.
Oct 4, 2025	All personal supplies removed & cleaning	All pottery supplies must be removed from the studio by the end of the day on October 4, 2025. You must wipe down and clean all shelves you've used for clay and works in progress.
Arranged times in Oct 2025	Pottery pick up	We will contact you to arrange a time for pick up when your pieces have come through the kiln. No drop in to pick up pieces will be allowed.
