Pass Holder Firing Deadlines & Production Limits

Production Limits

- 6 cubic feet per season/passholder - measure rim to rim, foot to foot.
- Objects must be under 12 inches in any direction (measured at greenware stage).
- 3 pieces per season can be between 12-18 inches in any direction.
 - These objects are included in your total 6 cubic feet for the season.
- Plates, platters & ornaments: make a reasonable amount as these are hard to load into a kiln and take up a large amount of space.

Firing Deadlines

- These are in place to make sure people can complete all their work by the end of the season.
- These deadlines must be followed. There will be no exceptions.

Reminder: No greenware or bisqueware will be allowed back into the studio next season: everything must be completed by the end of this season.
