The North Vancouver Recreation and Culture (NVRC) is seeking proposals from artists or artist teams interested in working in collaboration with other artists and with community to develop arts-based projects and activities with various publics and to deliver creative projects that generate meaningful connections for participants as well as for the broader community.

Interested artists, artist teams, collectives or other creative parties are invited to join us at an Information Session to learn more about our three program streams: Creation Labs; Creating Connections; and Community Residency.

The *Artist Residency Program Guidelines*, including full program descriptions, submission requirements and evaluation criteria can be found at: <https://www.nvrc.ca/arts-culture/artist-residencies>

In 2020 the NVRC is seeking proposals from artists in one of four key areas:

- work that offers an opportunity for self-expression and exploration for communities that have historically been marginalized (e.g. LGBTQ2+ communities and/or ethnically-culturally diverse immigrant populations)
- work that explores reconciliation and building relationships between Indigenous peoples and settler populations
- work that focuses on establishing intergenerational connections
- work that connects recreation and culture

PROPOSALS DUE: *Tuesday April 28, 2020 ~ 4:30 pm*

INFORMATION SESSIONS: **CANCELLED**
Due to the public health concerns surrounding COVID-19 all NVRC facilities are closed. Our planned Information Sessions that were scheduled for March 23 and March 26 have been cancelled.

RESIDENCY ENQUIRIES: If you have questions about the application process, please direct all enquiries to: artist-residencies@nvrc.ca
